---

At the last meeting I mentioned a diverse group had proposed a portfolio based alternative project to the current BDCP project. Several of you asked for a copy of the proposal. Attached is a letter to key government officials and the proposal itself. See you tomorrow.

Thanks,

Mitch

Dear Friend's Board

First my apology for being so late getting this agenda out. Hopefully most of you remembered correctly that we set this date. I thought was next week.

Our great news is that we have a recommended candidate for our Water position. I have asked Mike to send you all her application so you can have some idea of her background. We will be voting on her Friday and discussing our process for oversight.

Chuck's minutes are attached for your review.

There are various items to do with the Estuary Partnership. Please review the SFEP Strategic Plan and come with your comments to pass onto Judy.

We should also discuss a donation and a process for the awards

Talk to you all Friday

Barbara
